August 29, 2024

HOUSTON, Aug. 29, 2024 (GLOBE NEWSWIRE) -- Great Lakes Dredge & Dock Corporation ("Great Lakes" or the “Company”) (NASDAQ: GLDD), the largest provider of dredging services in the United States, announced today that the Company’s issuer credit rating has been upgraded to “B-” from “CCC+” by S&P Global Ratings (“S&P”).

S&P based its ratings upgrade in part due to the Company’s improved revenue and profitability in the first half of 2024. S&P also cited that the Company’s strong backlog and recent awards gives visibility into improved cash flows through 2025. The stable rating reflects S&P’s expectation that the Company will continue to expand revenue and improve profitability throughout the remainder of 2024 and into 2025.

Great Lakes’ Senior Vice President and CFO Scott Kornblau commented, “We are pleased with the recent credit rating upgrade from S&P, which further demonstrates the improvements we have made this year to our balance sheet, cash flows and overall performance. This upgrade not only validates our efforts but also positions us for future growth and success.”
