### **Forward-Looking Statements**

This presentation includes "forward-looking" statements within the meaning of Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934, the Private Securities Litigation Reform Act of 1995 or in releases made by the SEC, all as may be amended from time to time. Such statements include declarations regarding the intent, belief, or current expectations of the Company and its management. The Company cautions that any such forward-looking statements are not guarantees of future performance, and involve a number of risks. assumptions and uncertainties that could cause actual results of the Company and its subsidiaries, or industry results, to differ materially from those expressed or implied by any forward-looking statements contained herein. including, but not limited to, as a result of the factors, risks and uncertainties described in securities filings of the Company made with the SEC, including the Company's most recent Report on Form 10-K and Form 10-Q. You should not place undue reliance upon these forward-looking statements provided herein are made only as of the date

hereof or as a specified date herein and the Company does not have or undertake any obligation to update or revise them, unless required by law.

### Non-GAAP Measures

This presentation includes certain non-GAAP measures, including Adjusted EBITDA from continuing operations, Pro Forma Adjusted EBITDA from continuing operations and operational results excluding restructuring. In addition to providing key metrics for management to evaluate the Company's performance, we believe these measurements assist investors in their understanding of period-to-period operating performance and in identifying historical and prospective trends. Reconciliations of these non-GAAP financial measures to the most comparable GAAP measure are available in the Appendix. Investors are urged to consider these non-GAAP measures in addition to, and not in substitution for, measures prepared in accordance with GAAP.

# **GLDD HIGHLIGHTS**

Entered 2024 with record dredging backlog of \$1.04 billion; 71% of backlog in capital projects

Great Lakes entered into \$150 million second lien agreement providing *flexibility* and additional liquidity to complete new build program

New hopper dredge, the Galveston Island, successfully placed in production in the first, quarter of 2024

Backlog remains strong with second quarter 2024 ending dredging backlog of \$807.9 million with 85% of our backlog in capital projects. In addition, Great Lakes had **\$273.1 million** in bids and options pending award.

In July, Great Lakes was low bidder on \$181.6 million of additional dredging work.

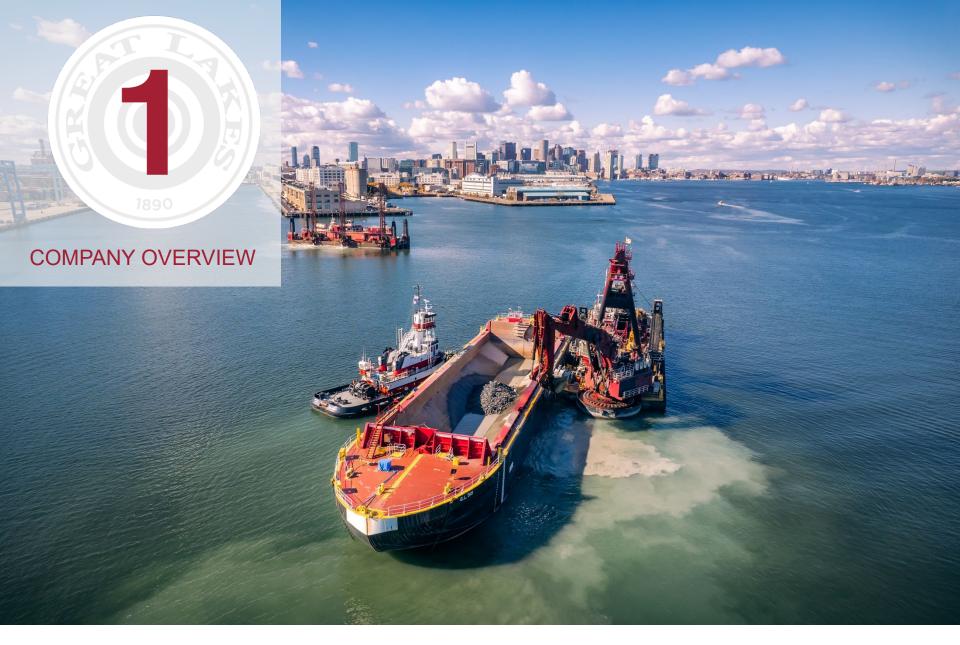

Great Lakes' contracts, Equinor's **Empire Wind I and Ørsted's** Sunrise Wind awarded offtake agreements bringing offshore wind backlog to \$44.6 million with an additional \$12.7 million in/ options pending.

> The **Acadia**, GLDD's subsea rock installation vessel marked the assembly portion of construction with her keel laying in May 2024

Record U.S. Army Corps of Engineers budget of \$8.7 billion approved in the first quarter of 2024

# ABOUT US **SNAPSHOT**

**Great Lakes Dredge & Dock** Corporation (GLDD) is the leading provider of dredging services in the United States. With a strong portfolio of major dredging projects, a strong safety record and our extensive experience, we specialize in projects that help improve and protect our nation's infrastructure and coastlines. GLDD is the only U.S. dredging service provider with a long history of performing significant international projects. In addition, we are the only Jones Act compliant dredging contractor entering into the emerging U.S. offshore wind market. Our diverse fleet of equipment includes hopper, mechanical and hydraulic dredges, and approximately 200 support vessels. GLDD is a publiclytraded company with corporate headquarters in Houston, Texas, and marine yards in five U.S. locations.

- ✓ LEADING DREDGER IN THE UNITED STATES
- PORT DEEPENING, COASTAL PROTECTION & BARRIER ISLANDS & LAND RECLAMATION
- ✓ EXPANDING CORE BUSINESS INTO THE RAPIDLY DEVELOPING OFFSHORE WIND ENERGY INDUSTRY
- ✓ AN INCIDENT & INJURY-FREE® (IIF®) COMPANY
- MARKET LEADER WITH 134-YEAR HISTORY
- CLIENTS INCLUDE FEDERAL, STATE, LOCAL, AND FOREIGN GOVERNMENTS, DOMESTIC AND FOREIGN PRIVATE COMPANIES, SUCH AS UTILITIES AND ENERGY COMPANIES, LNG PRODUCERS, AND OFFSHORE WIND DEVELOPERS

# ABOUT US DREDGING FLEET

### LARGE & DIVERSE FLEET WITH THREE MAJOR VESSELS ADDED TO FLEET SINCE 2018

**HOPPER** 

- 5 U.S. VESSELS (1 ADDITIONAL VESSEL UNDER CONSTRUCTION)
- THE ELLIS ISLAND IS THE LARGEST HOPPER IN THE U.S. FLEET
- HIGHLY MOBILE, ABLE TO OPERATE IN ROUGH WATERS
- LITTLE INTERFERENCE WITH OTHER SHIP TRAFFIC

**MECHANICAL** 

- 4 U.S.VESSELS
- OPERATES ONE ENVIRONMENTALLY FRIENDLY ELECTRIC CLAMSHELL DRFDGF
- THE DREDGE 58 IS ONE OF THE LARGEST CLAMSHELLS IN THE U.S. FLEET
- MANEUVERABILITY IN TIGHT AREAS SUCH AS DOCKS AND TERMINALS

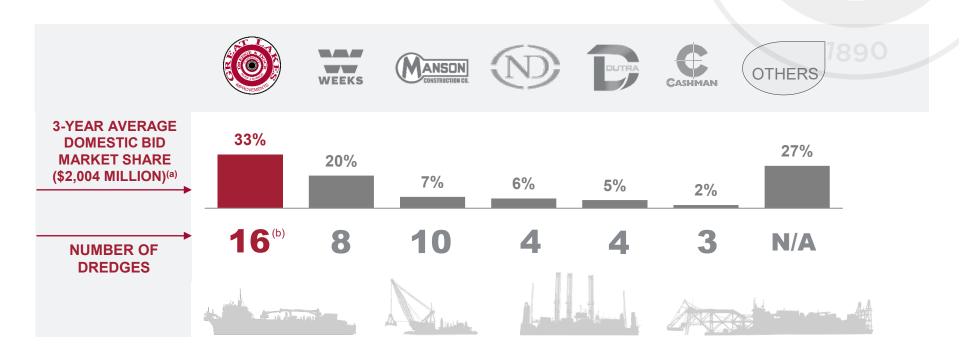

**HYDRAULIC** 

- 5 OCEAN CLASS U.S.VESSELS
- 2 INLAND CLASS U.S. VESSELS
- MOST POWERFUL ROCK CUTTER DREDGES IN U.S. MARKET
- SUPPORTED BY 8 BOOSTER PUMPING STATIONS
- CAPABLE OF EXCAVATING CHALLENGING SOILS, INCLUDING ROCK

# ABOUT US DOMESTIC COMPETITION

# ABOUT US **DREDGING MARKET**

STRONG MARKET FUNDING WITH ROBUST MARKET OUTLOOK

### ATTRACTIVE NEAR & LONG-TERM CATALYSTS IN U.S. DREDGING

- ✓ RECORD FUNDING APPROVED FOR THE 2024 U.S. ARMY CORPS OF ENGINEERS'
  BUDGET FOR \$8.7 BILLION
- ✓ ADDITIONAL \$1.48 BILLION APPROVED UNDER THE DISASTER RELIEF SUPPLEMENTAL APPROPRIATIONS ACT FOR FISCAL YEAR 2023
  - supports projects impacted by hurricanes and other natural disasters
  - initiates projects that will increase coastal resiliency
  - work on projects started in 2023 with additional projects expected in 2024 and beyond
- ✓ 2025 U.S. ARMY CORPS OF ENGINEERS' BUDGET IS EXPECTED TO BE ANOTHER RECORD APPROPRIATION ALREADY APPROVED BY THE HOUSE SUBCOMMITTEE FOR \$9.96 BILLION AND THE SENATE APPROPRIATIONS COMMITTEE FOR \$10.3 BILLION
- ✓ WRDA 2022 PASSED FOR 5<sup>th</sup> STRAIGHT CONGRESS.
  - including authorization of NY/NJ shipping channel deepening estimated at \$6 billion and an estimated \$30 billion for the Coastal Texas Program
- ✓ ON JULY 22, 2024, THE HOUSE APPROVED ITS VERSION OF WRDA 2024, MOVING THE BILL ONE STEP CLOSER TO FULL CONGRESSIONAL APPROVAL
- ✓ GLDD AWARDED LNG PROJECTS
  - in the third quarter of 2023, two previously permitted LNG projects were added to backlog
    - Rio Grande LNG sub work started in 2023 with dredging started in the third quarter
    - Port Arthur LNG sub work starting early 2024 with dredging started in the third quarter
  - additional LNG projects proceeding to bidding process

# GREAT LAKES' BACKLOG

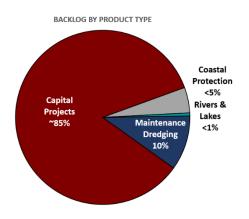

RECORD BACKLOG - DECEMBER 31, 2023

\$1.04 Billion

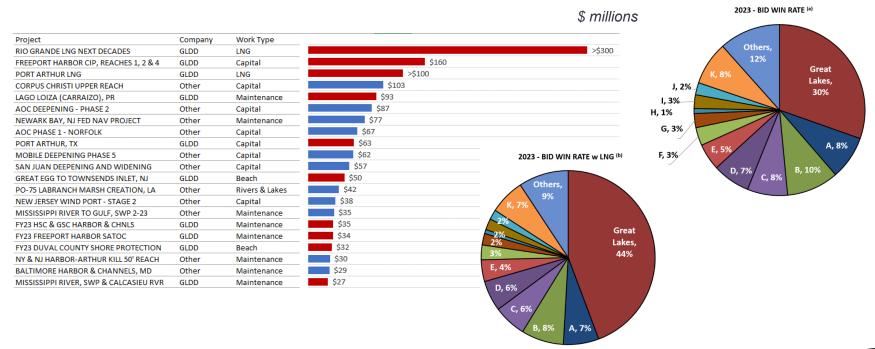

STRONG Q2 2024 BACKLOG – 85% Capital Projects

\$808 Million

- Low Bidder on an additional \$181.6 million in July 2024

# **MAJOR PROJECTS IN 2023 BID MARKET**

# ABOUT US FLEET IMPROVEMENT

# Commitment to fleet improvement is expected to result in:

- Improved competitive position in U.S.
- Improved market share in U.S.
- Improved margin and productivity
- Reduced emissions

### **→ NEW HOPPER DREDGES**

- **→ GALVESTON ISLAND** (in production)
- → AMELIA ISLAND (Expected delivery 2025)
- Well-suited to multi-use applications on various project types
- Channel deepening, maintenance dredging, beach renourishment, and coastal restoration projects

### → ELLIS ISLAND – A GAME CHANGING VESSEL

- Largest hopper dredge in U.S. market with 15,000 cubic yard capacity
- → DREDGE 58 ONE OF THE LARGEST CLAMSHELL DREDGES IN U.S.
- → OHIO CUTTER DREDGE RECENTLY UPGRADED
- → CUTTER DREDGE CAROLINA AND BOOSTER BUSTER RECENTLY UPGRADED WITH EMISSIONS IMPROVEMENTS (2022)
- → NEW SUPPORT EQUIPMENT
  - Two new Multi Cats (delivered 2023)
  - Three new scows (delivered 2022)
- → THE FIRST JONES ACT COMPLIANT, SUBSEA ROCK INSTALLATION VESSEL ACADIA (Expected delivery 2025)
  - Will service America's growing offshore wind energy industry

Cape Canaveral - Multi Cat

# ABOUT US U.S.OFFSHORE WIND

EXPANDING CORE BUSINESS INTO THE U.S. OFFSHORE WIND ENERGY INDUSTRY

1st & Only

~\$45 Million

Jones Act-Compliant SRI Vessel Awarded Offshore Wind Backlog 2+ Years Before Vessel Delivery

260+ GW

50 GW

\$620+ Million

Global Offshore Wind Opportunity U.S. Offshore Wind Opportunity Backlog of Awarded & Potential Projects Tendered

### **Empire Wind I Contract**

GLDD secured the first SRI contract awarded to a U.S. company, in partnership with Van Oord, to provide rock for Empire Wind I.

Blue-Chip Customer

15-30 Miles South of Long Island

50+ Wind Turbines

810 MW of Renewable Energy

Local Content Rock Sourcing

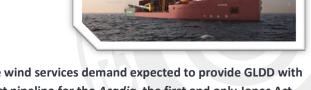

30,000+ Acres of Coverage

### **Sunrise Wind Contract**

In December 2023, Great Lakes was awarded a rock installation contract for *Ørsted's Sunrise Wind* to perform subsea rock cable protection

Great Lakes continues to pursue and bid on a number of other offshore wind farm and cable and pipeline protection projects for the *Acadia*, both domestically and internationally, with work planned for 2026 and beyond.

- U.S. offshore wind services demand expected to provide GLDD with strong project pipeline for the Acadia, the first and only Jones Act compliant vessel
  - International offshore wind installation pipeline provides additional growth opportunity
  - In addition to the U.S. offshore wind, there are several other market opportunities that the *Acadia* is well suited for, such as rock placement in the international offshore wind market, rock protection over pipelines in the oil and gas and carbon capture markets and telecommunications and power cable protection
- The Acadia is under construction at Philly Shipyard, Inc.
  - Delivery expected in 2025 to GLDD's Staten Island marine base, which is near Empire Wind I
- The Acadia is designed to transport and strategically deposit loads of up to 20,000 metric tons of rock on the seabed
  - Rock acts as scour protection for offshore wind farm foundations, cables, and other fixed structures and prevents erosion caused by waves and currents
  - Rock will be purchased at U.S. quarries, near project sites
  - Signed first ever subcontract for procurement of rock for a U.S. offshore wind farm with Carver Sand & Gravel LLC, a U.S. quarry in the state of New York

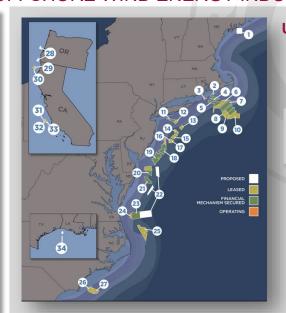

# ABOUT US U.S.OFFSHORE WIND

# EXPANDING CORE BUSINESS INTO THE U.S. OFFSHORE WIND ENERGY INDUSTRY

- The Biden administration committed to a goal of 30 GW of offshore wind capacity by 2030
  - Massachusetts's Vineyard Wind Project, the nation's first large-scale offshore wind project, completed installation of 5 turbines in Q1 2024.
  - South Fork Wind completed with all 12 offshore wind turbines successfully delivering power to Long Island and the Rockaways in Q1 2024.
  - · Coastal Virginia Offshore Wind (2.6 GW) received final federal approvals.
- Projected growth in offshore wind projects and offshore wind construction services driven by U.S. Federal and state targets
  - On July 20, 2023, the Biden Administration announced the first ever Gulf of Mexico offshore wind lease sale with the potential to generate 3.7 GW.
  - New Jersey awarded 3.7 GW of PPAs in January 2024, and the results of the tri-state (Massachusetts, Rhode Island, and Connecticut) solicitation for 6 GW of offshore wind, are expected in the third quarter of 2024.
  - On July 2, 2024, the U.S. Department of the Interior ("DOI") approved the Atlantic Shores South offshore wind energy project off the New Jersey Coast.
  - On July 17, 2024, New York's Governor Hochul announced the start of construction on the Sunrise Wind project which is expected to provide power to approximately 600,000 New York homes.
  - In July 2024, the Bureau of Ocean Energy Management approved the construction and operation of two offshore wind energy facilities, New England Wind 1 and New England Wind 2, that could power close to a million homes.
- The latest BloombergNEF offshore wind market outlook shows global offshore wind expected to grow tenfold by 2040 with a forecast of approximately 742GW. The global outlook for 2040 anticipates China, the United Kingdom, and the U.S. to be the top three offshore wind energy producers.

# ABOUT US U.S.OFFSHORE WIND

# Significant Construction Milestones

On July 20th, 2023, President Biden attended the steel cutting ceremony for the *Acadia* at Philly Shipyard to support development and growth of the U.S. offshore wind market

GLDD's new Jones
Act compliant rock
placement vessel, the
Acadia, keel was laid
on May 2, 2024, at the
Philly Shipyard
marking the assembly
portion of the vessel's
construction.

"We are pleased to be partnering with Philly Shipyard and look forward to continuing our collaborative working relationship during the construction of this first U.S. rock installation vessel. We are pleased to get construction started as Great Lakes has already won contracts for this Jones Act compliant vessel. With our investment into offshore wind, we are also helping achieve the administration's goal of creating American jobs in this new power generation market. The *Acadia* will provide employment for U.S. union crews including at the steel mills producing the steel for the vessel, at the quarries producing the rock, at the ports and facilities loading our vessel, and the marine crews operating the vessel. This market will continue to grow, and we are pleased to be one of the leaders in the U.S. maritime industry investing in offshore wind."

Lasse Petterson, President & CEO, GLDD

# ABOUT US EXPERIENCED MANAGEMENT TEAM

LASSE PETTERSON

President and Chief Executive Officer, Director

- > Appointed CEO on May 1, 2017, and board member on December 30, 2016
- Has over 35 years of industry experience, including his most recent role as a private consultant to clients in the Oil & Gas sector
- Previously served as COO and EVP at Chicago Bridge and Iron from 2009 to 2013

**SCOTT KORNBLAU** 

Senior Vice President, Chief Financial Officer

- Appointed Senior Vice President & Chief Financial Officer in October 2021
- Oversees our financial operations, including maintaining the financial integrity of our strategic plan
- Responsible for Information Technology and Risk Management
- Has over 25 years of financial industry experience and was most recently the CFO at Diamond Offshore Drilling

DAVID JOHANSON

Senior Vice President, Project Acquisition & Operations

- Appointed Senior Vice President in August 2022
- Joined Great Lakes in October 1994, and has over 25 years of experience in Project Management
- Responsible for domestic dredging projects acquisition and execution, fleet operations, and LNG projects. Also has direct oversight of all Regional offices and managers

**CHRIS GUNSTEN** 

Senior Vice President, Project Services & Fleet Engineering

- Appointed Senior Vice President in August 2022
- Joined Great Lakes in January 1996, and has over 25 years of international and domestic experience in Operations and **Project Management**
- Responsible for Project Management resources, Estimating, Mechanical Engineering and Maintenance, Site and Production Engineering, Procurement, Quality, New Build, International Operations, and day-to-day management of HSE

**ELENI BEYKO** 

Senior Vice President, Offshore Wind

- Joined Great Lakes in January 2021
- Offshore Wind executive leading the Offshore Wind market entry effort for Great Lakes, focusing on strategy, business development and building a robust pipeline of projects to drive revenue growth for GLDD
- Has over 30 years of experience in engineering, program management, operations, and business leadership for a broad range of industries including automotive, offshore oil and gas, and energy transition
- Previously served as Director of Energy Transition for TechnipFMC focusing on new-to-market offshore wind technology development and commercialization. Served as Project Director for the first floating offshore airborne wind technology demonstration installed in the North Sea and funded by Google and Shell

WILLIAM H.HANSON

Senior Vice President, Government Relations, Business Development

- > Is a 45-year veteran of the dredging and maritime construction industry and has been with Great Lakes for over 30 years
- At Great Lakes, has served in management roles in the North Atlantic and Southern Divisions as well as managing Latin America for 12 years
- Serves on several academic advisory boards related to ocean and coastal engineering
- Responsible for Marketing and Communications

### VIVIENNE SCHIFFER

Senior Vice President, Chief Legal Officer, Chief Compliance Officer

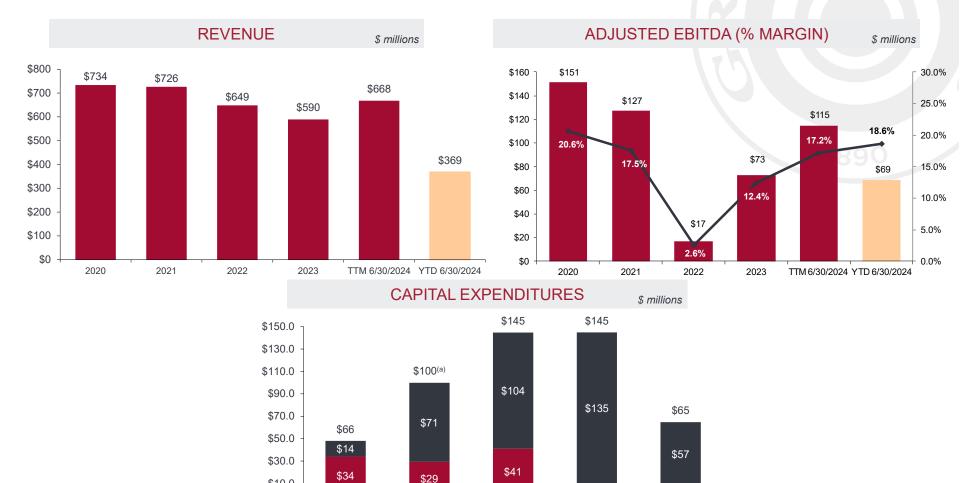

- Joined Great Lakes in December 2020
- Leads Great Lakes' legal, compliance and human resource organizations, providing legal counsel to Executive Management and the Board of Directors
- Responsible for sustainability
- Has over 40 years of experience and has held significant legal, business, and operational leadership roles
